

Katy Walker (#5 singles and #1 doubles) 05 from Louisville, KY entered the Wheaton match on Sat, Oct 4 with an average 2-3 record in both singles and doubles in NEWMAC competition. On Saturday she brought that record to .500 winning both her doubles (with Lauren Kemp) and her singles match.

The dramatic change in Katy's game and the reason for her back-to-back wins would not have been obvious to the casual spectator. Katy always attacks the ball using forceful offensive groundstrokes and she always plays with high energy. The change was in the way she developed the point and put her shot sequence together. She was patient, methodical and persistent (most of the time) waiting for the opportunity to attack. The strategy was successful helping her to win 8-4 in doubles and 4-6, 6-2, 6-4 in singles.

Congratulations Katy!!!!
