“The season’s best book so far.”
- Katherine Powers, *The Boston Globe*

"Once again, Andy Zimbalist proves that no one understands the mysterious inner workings of the best game on earth better than he does. With energy, thoughtfulness and passion, he has parsed the complicated world of baseball and shown how important its business side is to its soul -- and its survival."
- Ken Burns

“...a compelling examination of the national pastime as seen through the prism of the commissioner’s office…. a superb case study on monopoly and management.”
“This book is a must-read for anyone who is interested in the way the game has been run during an era of considerable upheaval.”
- *Publishers’ Weekly*

“… a thorough and revealing analysis.”

“Andrew Zimbalist has done a very credible, eminently readable and engaging job describing MLB’s commissioners, particularly Bud Selig, who easily has become the most significant figure in baseball in decades. While Selig will not necessarily share all of Zimbalist's views about the game, *In the Best Interests of Baseball?* has thoughtfully, and perhaps uniquely, tracked many of the thorny issues that Selig confronted during baseball's new golden era.”
- **John Moores**, owner of the San Diego Padres, member of MLB Executive Committee

“This thoroughly researched book by one of the foremost authorities on sports business is an oral history of the game through the Office of the Commissioner. Zimbalist provides a fascinating look at the game’s history and those who have helped shape it.”
- **mlb.com**, April 3, 2006

“Zimbalist's book is a thoughtful and objective analysis of baseball's labor and economic policy evolution. The book is interesting, relevant and a good read.”
- **Randy Levine**, president of the New York Yankees, former chief labor negotiator for MLB

“Andrew Zimbalist has written an insightful and thought provoking book that peels the cover off the ball of the position of the commissioner to see the threads inside. I highly recommend it.”
- **Maury Brown**, chair, SABR’s Business of Baseball Committee in *The Hardball Times*

“Thought provoking reading.”
- **Booklist**

“The Zimbalist tome tracks the history of baseball commissioners from the bigoted Judge Kenesaw Mountain Landis to the seemingly always under fire Bud Selig. This is a thoughtful book, an important book.”
- **Harvey Frommer**, *Best Syndication*

“A book certain to stir debate among sports business experts and fans alike.”
- Scott Van Voorhis, *Boston Herald*

“The book is a great read … [and] an important book for anyone who wants to understand how baseball got in the business spot that it is in today.”
- **BleedCubbieBlue.com**

“Zimbalist does a magnificent job of illustrating just how messed up the relationship of the Commissioner and the Lords has been over time… Zimbalist's writing style flows smoothly…an eye opener.”
- **Many Go; Few Understand**

“… a wonderful new book … by Andrew Zimbalist that takes a detailed, unflinching look at each of the nine men who have served as Commissioner of Major League Baseball.”
“Andrew Zimbalist's latest book, *In the Best Interests of Baseball?* is an excellent read. In the end, I heartily recommend ITBIOB to any fan looking to get a glimpse at what goes on behind the scenes of the commissioners office. I enjoyed the book immensely and I'm sure you will too.”
- *Gaslampball.com*

“In the Best Interests of Baseball? is the best book on the inner workings of baseball I have read. It is a penetrating analysis of the national game as well as an engaging read.
- *Ralph Andreano*, author of *No Joy in Mudville* 

**Andrew Zimbalist** (Northampton, MA) is the Robert A. Woods Professor of Economics at Smith College. An award-winning writer, media commentator, and consultant in the sports industry, Zimbalist has worked with players’ unions, cities, owners, and leagues.
